A close-up, artistic photograph of a woman's face in profile, facing right. Her face and hair are heavily adorned with white flowers and green foliage. The background is a blurred outdoor setting with a red umbrella visible on the right side.

We're a foot-friendly city

The beauty of Edessa is that everything is on your doorstep. It takes 10 minutes to walk from the station to the valley view hotels, or from Edessa Waterfalls to the Ancient Edessa or from the Edessa Centre to the Byzantine Bridge - Passage of Ancient Via Egnatia.

And if you go on a 10-minute walk in center direction, you'll walk past more shops, café's and restaurants than you can shake a stick of rock at.

We have a green heart

Edessa is well-known for its green values and its very low carbon economy, so it makes sense that our hotels and conference venues are always improving their carbon footprints too.

We strive to balance the needs of pedestrians, cyclists, public transport users and motorists. On top of that, we're home to the largest organic producer in the country, various local food co-operatives under hydro-electric power initiatives.

We're here to help

We have great relationships with all the venues, hotels and support services. Tell us what you're looking for and we can help you find it. Not only do we know Edessa like the backs of our hands, but we've been helping people deliver successful conferences here for years. Even when it has snow there will be a warm chance.

So call us and let us help you get started. What we can do for you:

- Help you find the right venue
- Source, negotiate and book accommodation via our free accommodation booking service
- Put you in touch with all the services you need to make your meeting a success
- Organise a familiarisation visit
- Give you ideas for your social programme
- Provide high-quality films, images and maps for your website, brochure and delegate packs
